Wooden Dressing Table Set Installation

INSTALLATION MANUAL Tools You Will Need:

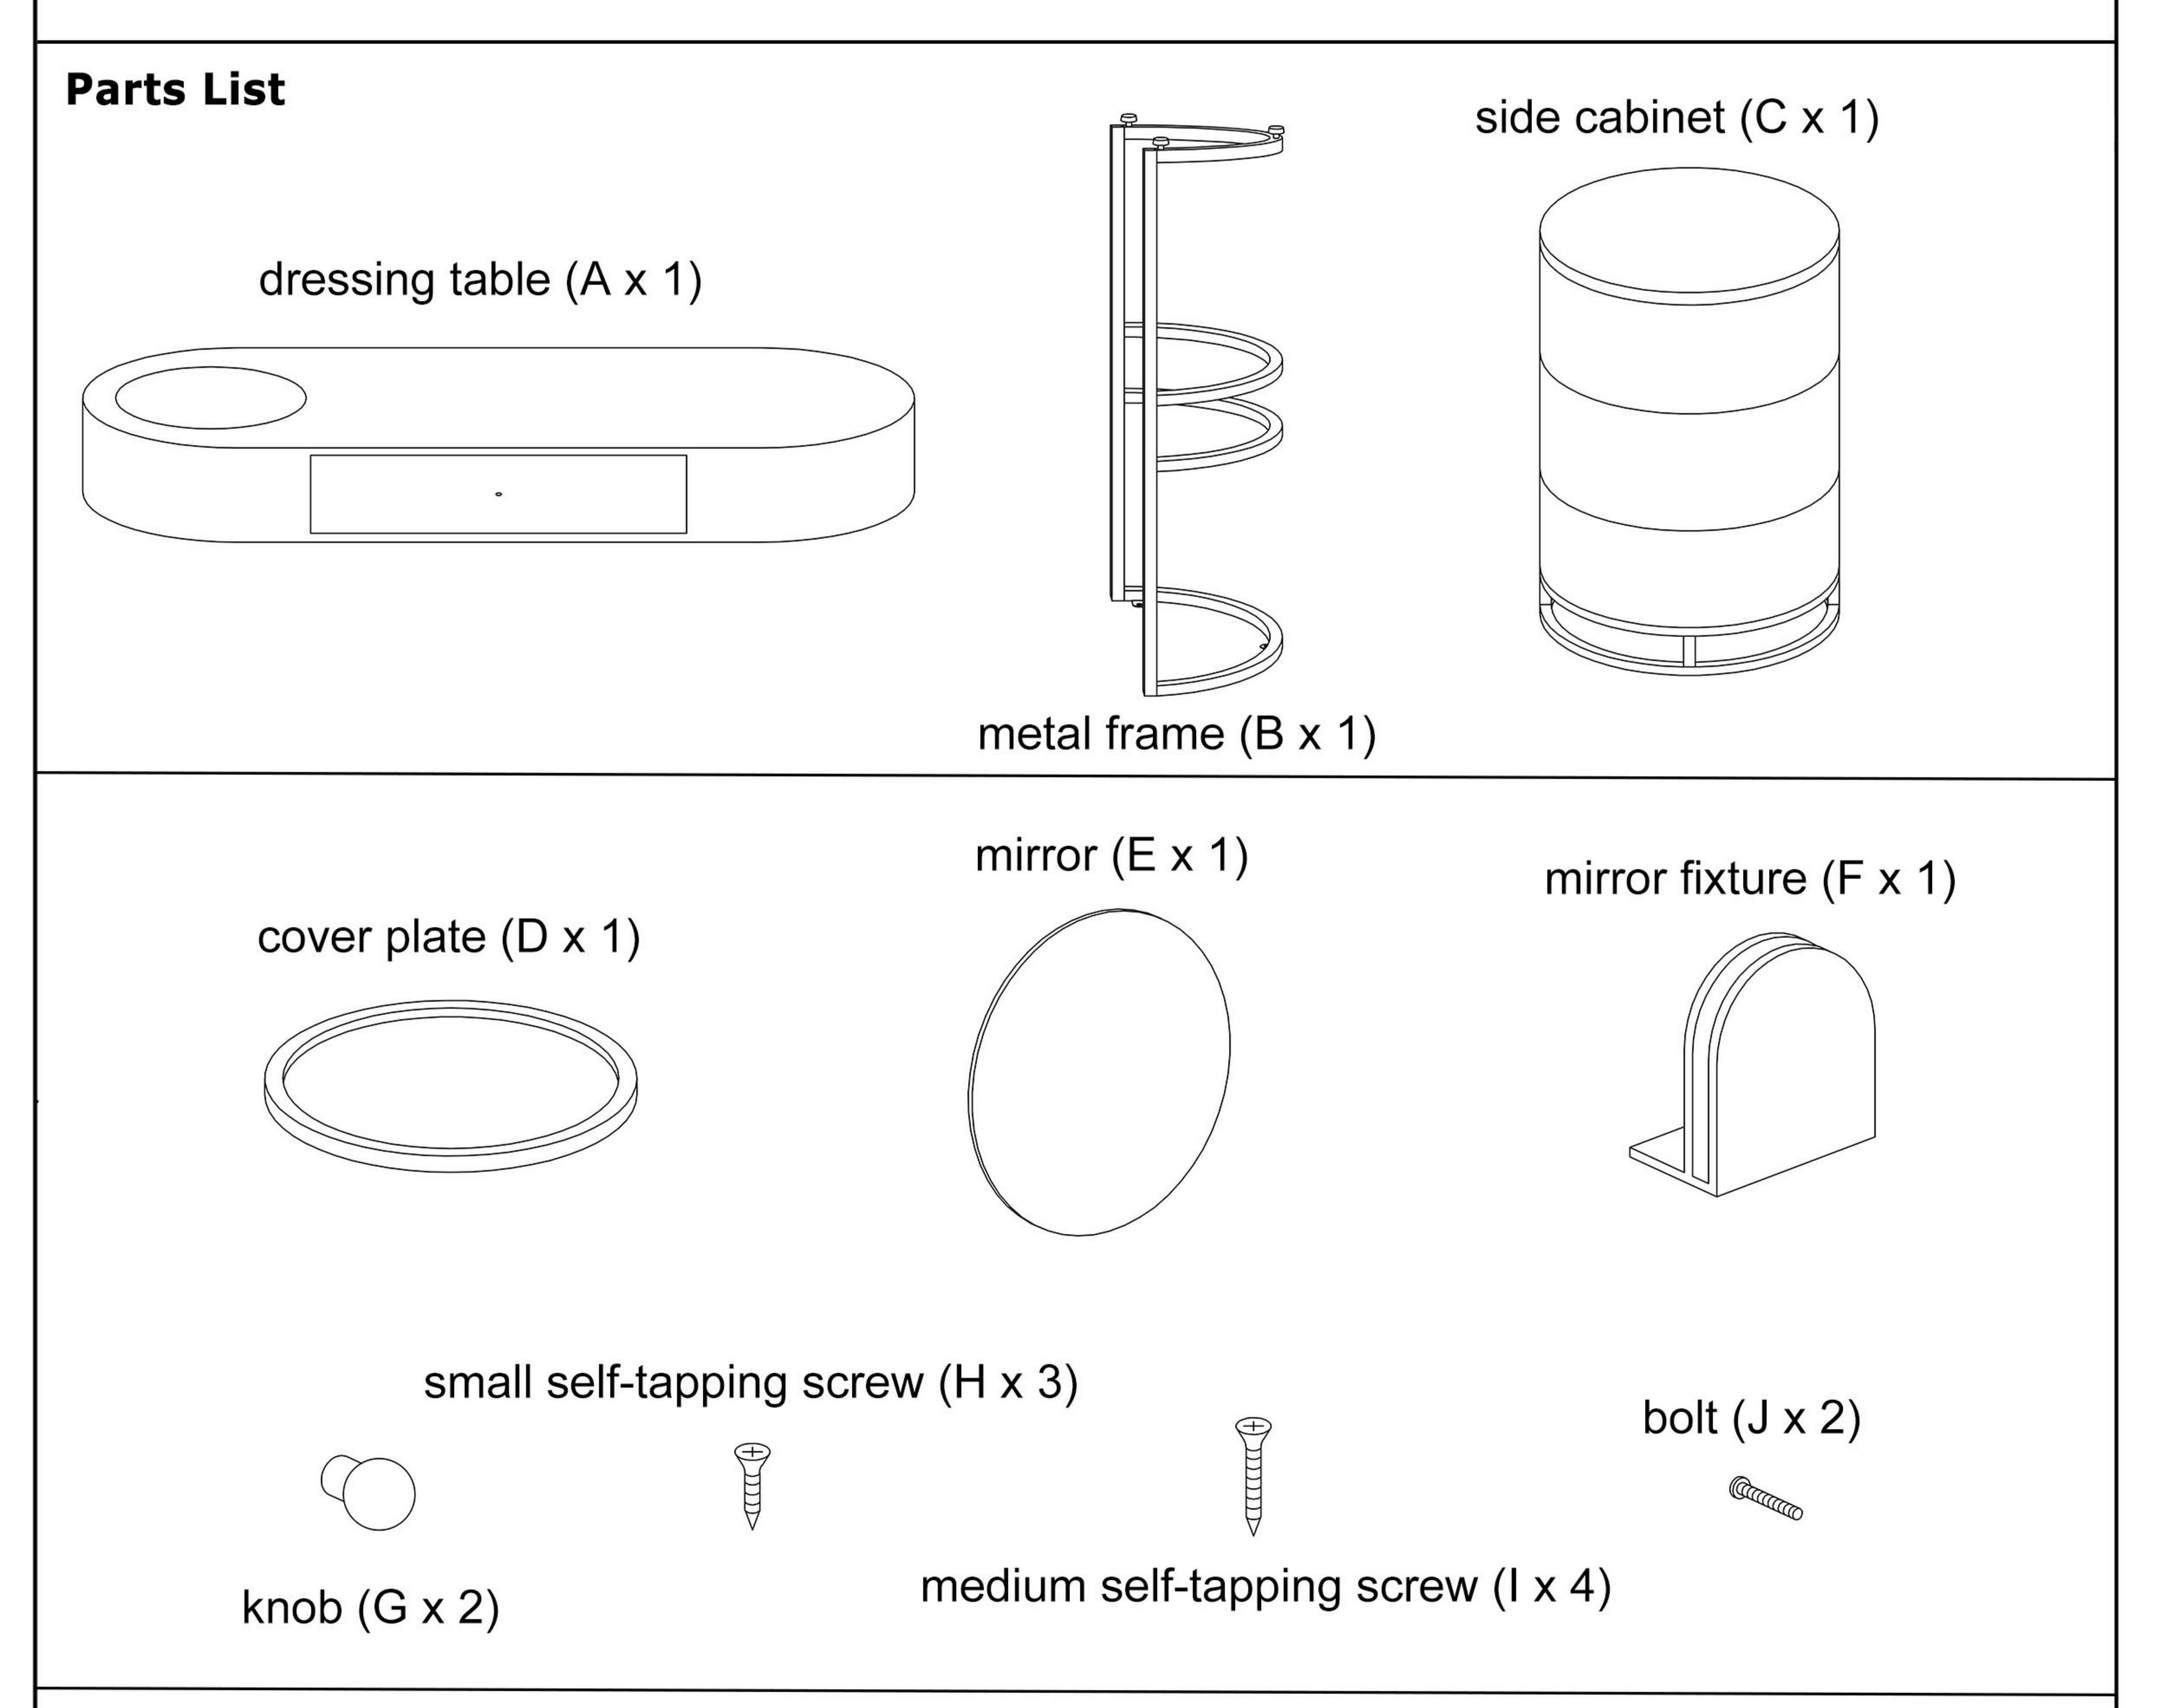

Electric Drill

Before the Installation

- 1. Do not throw away packing materials until assembly is complete for small parts may come loose inside the carton during shipment. If parts are missing, please contact us.
- 2. Assemble this item on a soft surface, such as carpet to protect the finish.
- 3. Proper assembly of this item requires 2 people.
- 4. Periodically check to ensure that all connections are tight.
- 5. It is recommended that installation of the product be done by a qualified licensed furniture assembler.

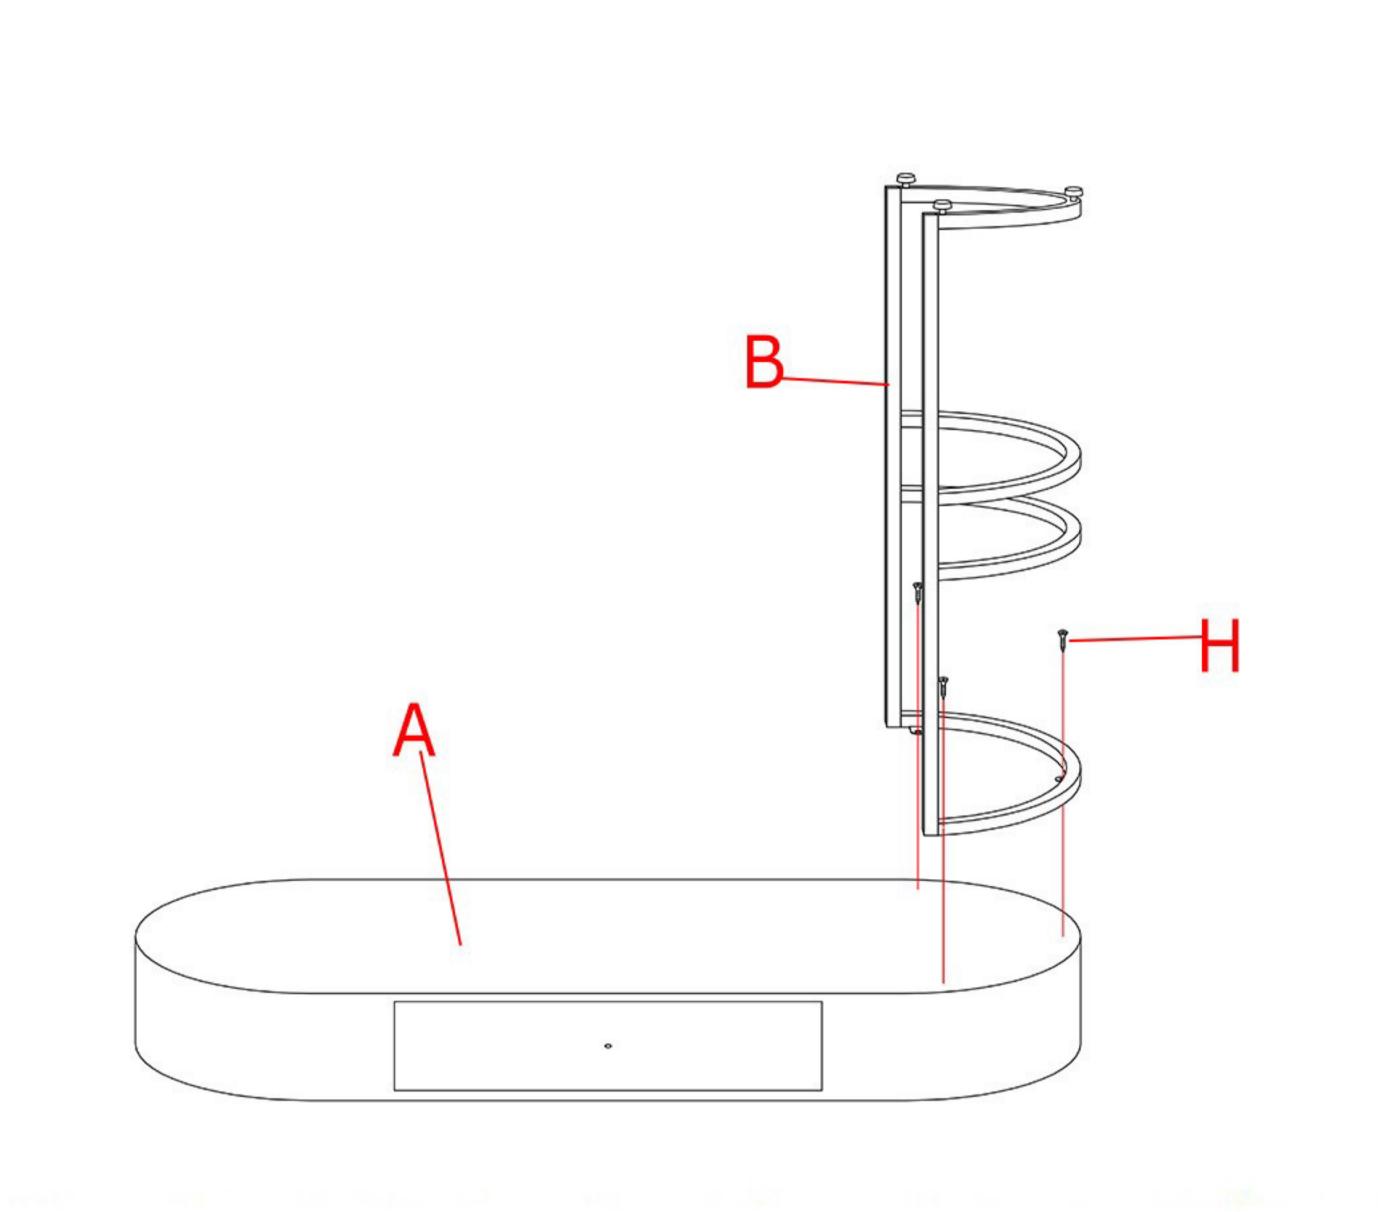

Care and Cleaning

- 1. To protect the finish, avoid use chemicals and household cleaners.
- 2. All hot serving dishes should be placed on a pad.
- 3. Any liquid spilled onto the top should be cleaned up immediately with a damp cloth.

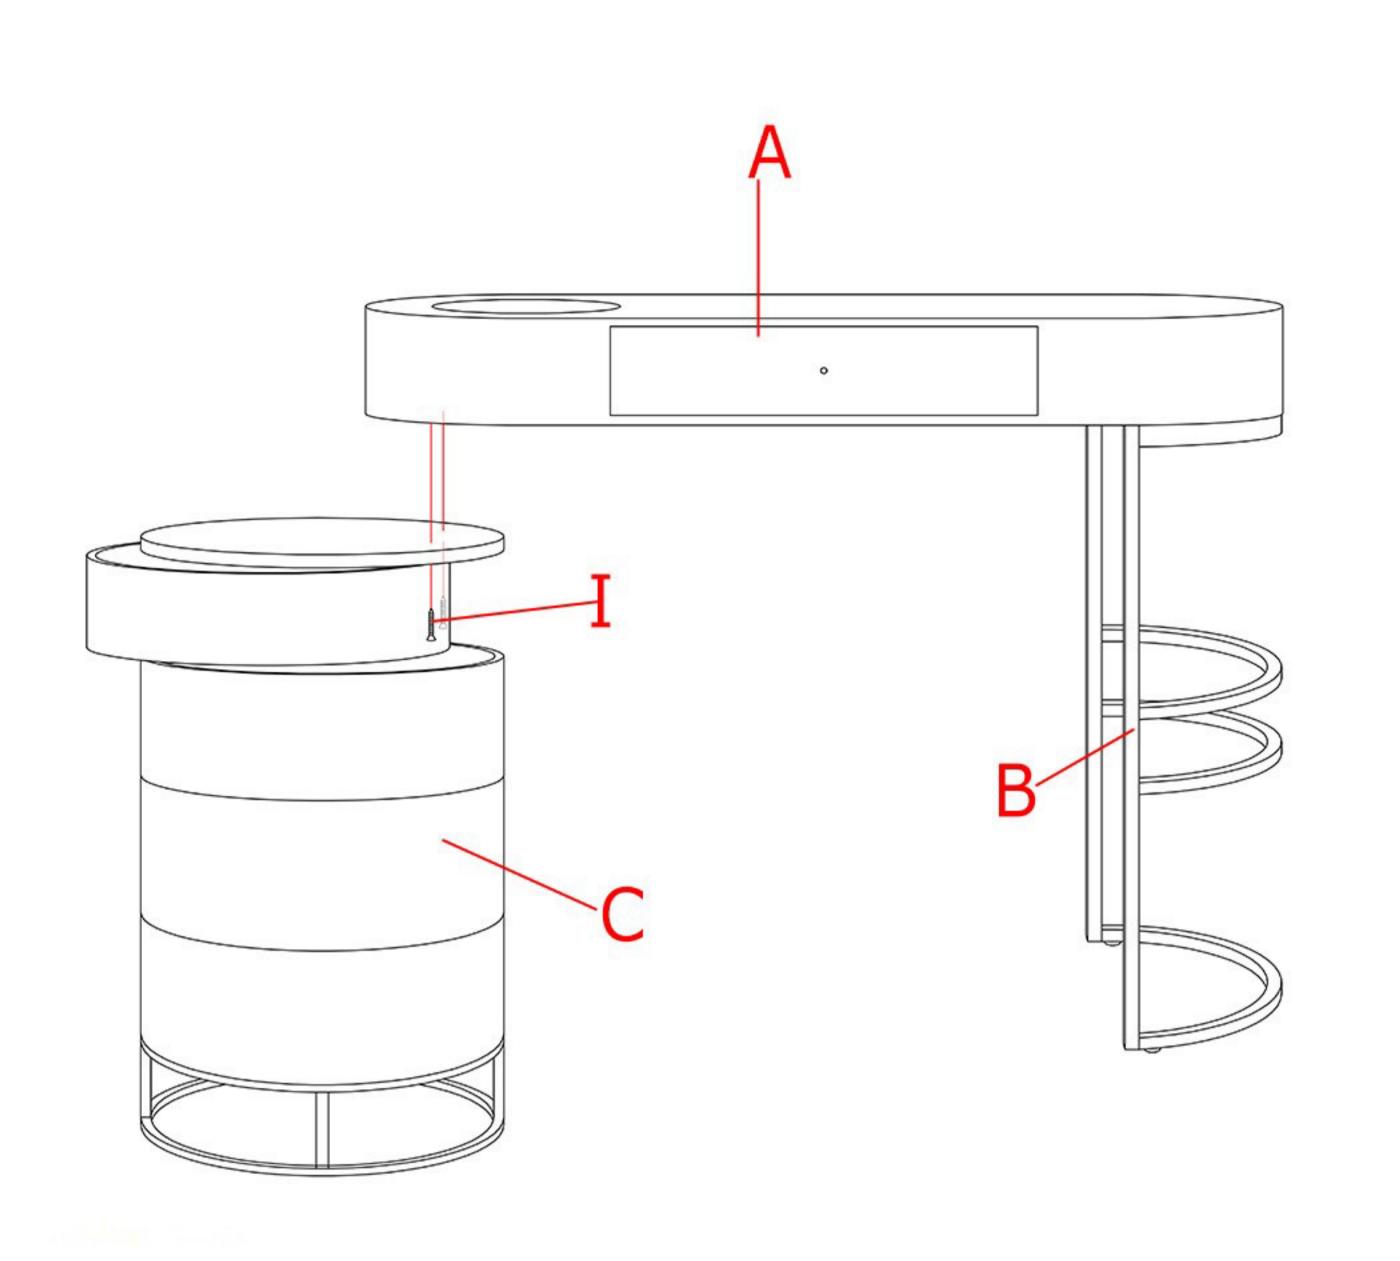

Note: Do not fully tighten all bolts until all parts are in place. Failure to follow these instructions may cause the bolt to misalign during assembly.

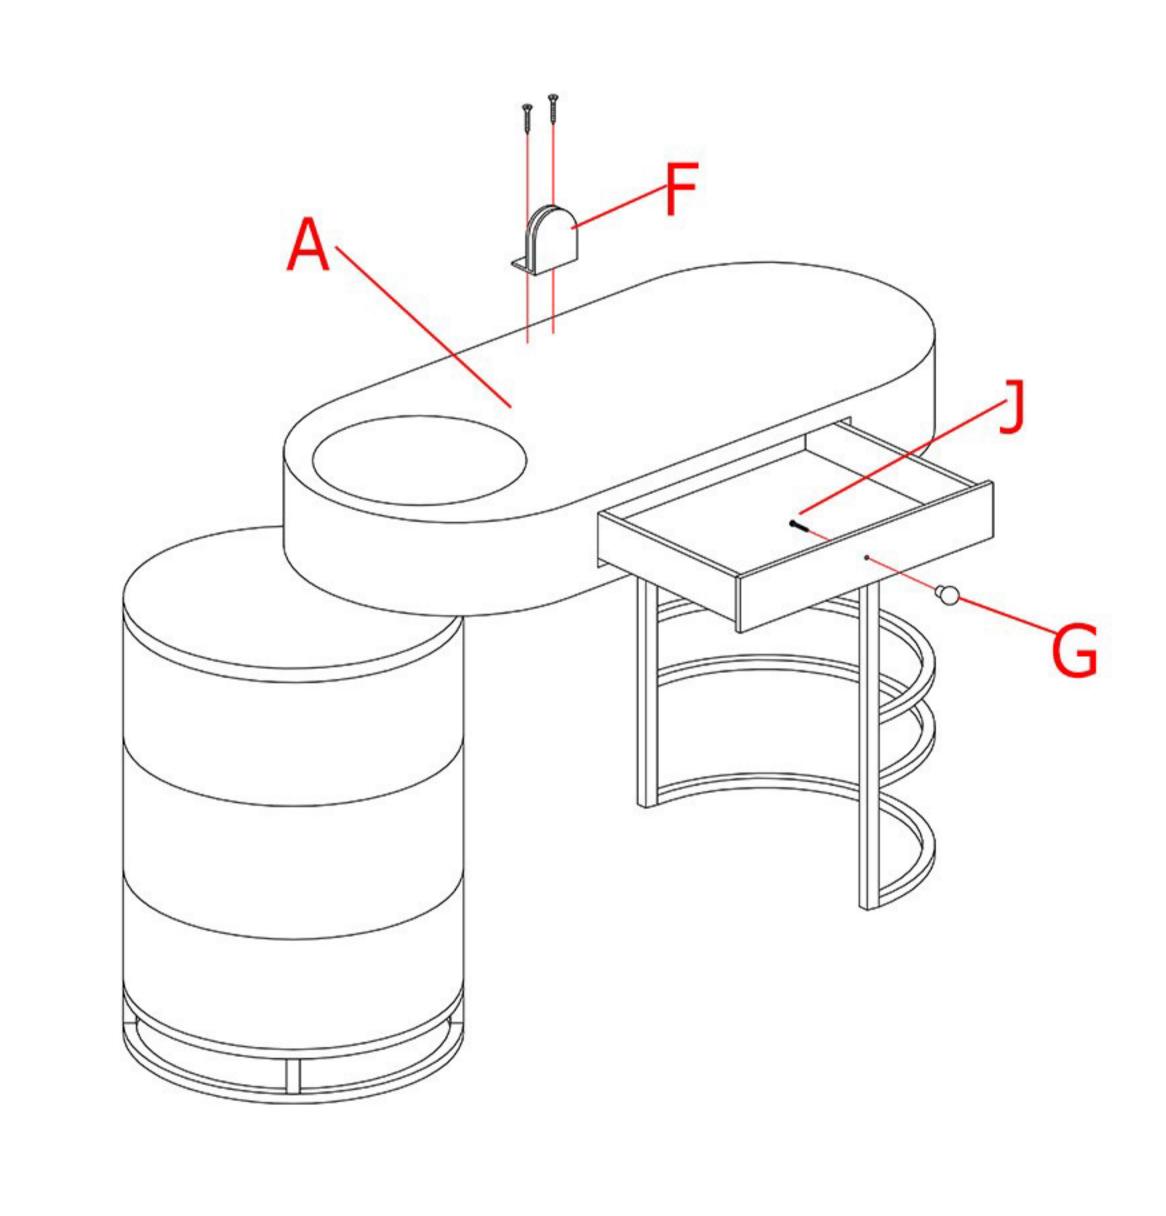

Installation Guide

 Align the metal frame (B) to the edge of the dressing table (A) from the bottom.
Tighten three small self-tapping screws (H) to fix the frame to the dressing table with a percussion drill (not included).

2. Stand the metal frame (B) and put the dressing table (A) on the side cabinet (C) partially. Turn around the drawer to align the holes and tighten two medium self-tapping screws (I) to secure the cabinet to the table with a percussion drill (not included).

3. Install the mirror fixture (F) onto the dressing table (A) as shown. Take out the wooden frame in the drawer of the table. Insert the bolt (J) through hole in the drawer and fix the drawer handle (G) to the drawer by tightening the bolt with a percussion drill (not included).

4. Install the mirror (E) as shown. Insert the bolt (J) through hole in the cover plate and fix one knob (G) to the plate by tightening the bolt with a percussion drill (not included).
